

## JC Center of Empowerment

March 1, 2023

Greetings!

Dear Christian Friends,

We are JC Center of Empowerment and we work hard every year to offer youth from elementary through high school age a safe place to come after school as well as weekend classes and teachings to enhance their social and emotional growth. This cause is so important to us, and the strides we have made so far would not have been possible without supporters in our community like you.

This year, we are asking sponsors to help our team in making even more of a difference. Would you be willing to help our project with a monetary donation of your choosing? As we are very active in the community, we can offer you guaranteed acknowledgement through our online communications, on our promotional material and especially at our main event, which is the Catheryn Burton Scholarship Conference, which takes place annually.

No matter the size of your support, it would directly enable us to purchase much needed supplies, and technology devices to ensure that our youth have the necessities to thrive in every area of their lives.

Can we count on you? It is only through community support that we are able to continue being a blessing to today's youth. Along with this letter, please find the sponsorship levels that we would like you to consider.

Please feel free to contact me by phone at 903-244-9562 or by email at [JCCOEmpowerment@gmail.com](mailto:JCCOEmpowerment@gmail.com) if you'd like to discuss our project or mission.

Thank you,

---
