HASHTAG HELP

WHAT EXAXCTLY IS A HASHTAG?

The pound or hash # turns any word or group of words into a link that can be searched. It ties posts together and allows users to see all items that include that hashtag.

You can use both numbers and letters, but spaces and punctuation marks are a no-go.

HOW DO I USE HASTAGS?

Hashtags are especially useful in promoting specific events or campaigns you are running for your business.. Be sure that your hashtags are relevant to your subject, yet follow current trends. Encourage your social media followers to use your hashtags to help you promote your current sale or new product release.

HELPFUL HASHTAG TIPS

Pair your hashtags with images to generate content engagement.

Group your hashtags together at the end of your posts.

Use trending hashtags that compliment your content.

Run hashtag connected campaigns and contests.

Hashtags should be simple & easy to remember & relevant to your posts.

Tested heavily before marketing with it

HASHTAG COMBOS

location + life = #Texaslife

job title + life = #plannerlife

object you sell+ love = #cookielove

season in +location = #summerinTX
